

2015 Edition

Transform the spaces you love

At XL we are passionate about environmental sustainability with over 90% of our products being FSC® or PEFC™ Certified. Our due diligence systems ensure we know where the wood in our products is from. We use this information to mitigate any risks of wood being from illegal sources.

This means that when you purchase one of our doors, you can rest assured that they have been produced following responsible forestry practices which minimise the impact on the environment.

The mark of responsible forestry

Transform the spaces you love

There are many different options to consider when redecorating a home, but few have as much impact as one of our beautifully crafted doors.

XL Joinery have been at the forefront of the door market for over 25 years, continually introducing innovative door solutions to meet the ever exacting demands of our customers. With a constant flow of new products our ranges regularly set the markets new trends.

Our own delivery fleet, large stock holding, stringent quality control and dedicated after-sales service ensure we are a partner you can always depend on. For you that means the right products, at the right price, when and where you need them.

What's new for 2015

Design evolves continuously and our door collection is no different. We constantly update our range to ensure it mirrors the very latest trends as well as introducing new thinking on door design.

Our 2015 collection epitomises this with some new exciting additions.

Range of sizes and styles to meet all customer needs

Selected natural wood veneers reflect the natural beauty of timber (e.g. Oak, Wenge, Walnut and Pine)

Toughened Glass for enhanced safety

Deep u-groove designs with real Oak inlays

High quality factory finished option available

Sourced from responsibly managed forests.

Engineered construction
for greater stability
and performance

Complementary door
linings, architrave and
skirting sets in Oak

Internal doors for inspired interiors

Create a real wow factor within any home with a door from our stunning internal door collection.

With a vast range of styles to choose from there is something to suit all tastes from the more traditional Classic Oak Collection to the cutting edge Alumina Collection. Combine this with the expert craftsmanship that goes into all of our doors and you can be sure of a product that will look like new for years to come.

Opposite you will find the numerous features that make up the exacting standards our internal doors are designed and made to. However, if there is something more specific you need to know, please ask, we'd be delighted to help.

White Moulded Collection

As you'd expect from XL our White Moulded doors are designed to a higher specification with the following features:

- // Lock Blocks on both sides of the door.
- // Primed edges on all edges of the door.
- // Superior performance to standard White Moulded doors.

Right hand opening

Unless otherwise stated all doors are supplied ready for final finishing.

The centre of the lock block is approx 950mm from the bottom of the door and the overall height of the lock is approx 300mm. The lock block is located to each side of the door and extends approx 100mm in from the edge of the door.

All of our White Moulded doors are grained and come with a 1 Year Manufacturing Defect Guarantee.

Easi-Slide

Create
the look

*Two Pattern 10 Oak Glazed doors
with Contemporary Pair Maker.*

The Easi-Slide system offers a neat solution for a room divider. Various configurations can be used to achieve the desired look (demonstrated opposite). Available in a choice of Oak or White Primed, the Easi-Slide is designed to be used with standard door sizes within our range.

Step 1

Measure your opening

Step 2

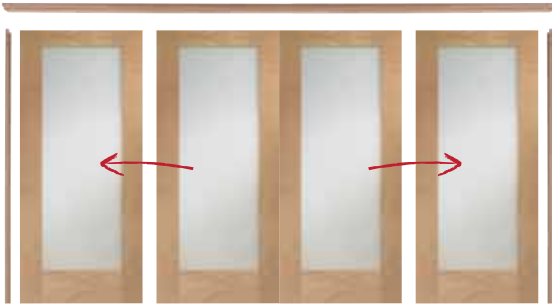

Choose your door style

Step 3

Decide on the configuration

Option 1

2no fixed sidelights and 2no opening doors

Possible door width options

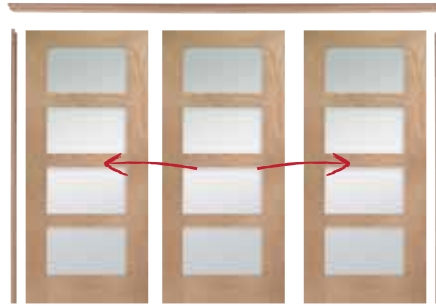

838 + 838 + 838 + 838mm

838 + 762 + 762 + 838mm

610 + 762 + 762 + 610mm

Option 2

2no fixed sidelights and 1no opening door

Possible door width options

610 + 762 + 610mm

610 + 610 + 610mm

762 + 610 + 762mm

Option 3

1no fixed sidelight and 1no opening door

Possible door width options

838 + 762mm

838 + 838mm

610 + 762mm

Product Description	Code	Size
Oak Easi-Slide Frame	OSLIDEF	Max size – 2017mm x 3500mm
White Easi-Slide Frame	WSLIDEF	Max size – 2017mm x 3500mm

The Easi-Slide comes with:

- // Frame
- // All Sliding Door Hardware (excluding handle)
- // Pair Maker

Create the look

2no Pattern 10 White Primed Glazed doors with White Pair Maker.

Only available on 35mm thick doors.

Easi-Slide components are FSC® Certified.

The White Easi-Slide is double coated and ready for final finishing.

Frames will need to be cut down on the height as well as the width as allowances have been made for different types of floor coverings.

If using obscure glazed doors, ensure that the glass is facing the correct way prior to fitting.

In the interest of environmental concerns and improved performance, products contain engineered components including but not limited to laminated timber, MDF or particleboard.

Available on Easi-Slide

The mark of responsible forestry

Easi-Frame

The Easi-Frame system offers the flexible choice of a room divider in numerous configurations. Available in a choice of Oak or White Primed (see page 72), this range is designed to complement other doors within the XL collection helping to create a harmonious look throughout the home.

Step 1

Measure your opening

Step 2

Choose your door style

Step 3

Decide on the configuration

The Easi-Frame is designed around our standard range of doors with complementary semi and demi panels available to build up the desired configuration.

Pair Makers

Create
the look

*2no Oak Worcester Glazed Doors
with the Contemporary Oak Pair Maker.*

It couldn't be simpler. Just add a pair maker to any of our doors and create your very own French door pair.

**Create
the look**

*2no White Primed
Monza Doors with the
White Pair Maker.*

Product Description	Code	Size
Contemporary Oak Pair Maker	COAKPM	To suit 78" high doors only
Metric Oak Pair Maker	OAKPMMET	To suit metric sized doors only
Oak Pair Maker	OAKPM	To suit 78" high doors only
White Pair Maker	WHITEPM	To suit 78" high doors only
Pine Pair Maker	PINPM	To suit 78" high doors only

Not suitable for certain obscure glazed doors.

The Pair Maker can be fitted to either a left or right hand door.

For installation apertures add 10mm to the overall width of the two doors (not including clearance).

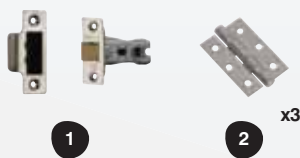

Pair Maker is attached to the slave door and acts as a rebate to the other door.

Handle Packs

Create the perfect finishing touch to your new XL Joinery door with our range of contemporary door handles. For convenience, our handle packs also include a latch or bathroom lock and three high quality hinges, giving you everything you need to fit a door in one box.

We also offer a rebated latch for use with Rebrated Door Pairs (code REBLATCH).

Latch Size Recommendations: We recommend a 65mm latch for all doors on pages 10-67 with the exception of the following ranges (glazed and panelled doors); Wenge and Oak Caserta, Oak and White Primed Shaker 4 Panel, Oak and White Primed Pattern 10 and Oak Novara, for these ranges we recommend a 75mm latch.

Internal Door Accessories

Our matching internal door accessories add that special finishing touch to your doors. The introduction of Oak architraves and skirtings really takes the interior of a property to another level. New for 2015, the pre-finished range complements our range of doors helping to add a sense of consistent harmony to any property.

Selected natural wood veneers reflect the natural beauty of timber (e.g. Oak, Hardwood and Pine)

Toughened Glass for enhanced safety

Certain ranges available as pre-finished fully assembled doorsets for easy installation

Sourced from responsibly managed forests.

Engineered
construction
for greater
stability and
performance

A range of frame
and side light options
for non-standard
door openings

External doors for exceptional exteriors

First impressions count and nothing creates a more lasting impression than a beautifully crafted external door.

Designed to exceptionally high standards our design team works hard to ensure our range of external doors meet current trends, building regulations and also perform to the desired standards.

Opposite you will find the numerous features that make up the exacting standards our external doors are designed and made to. However, if there is something more specific you need to know, please ask, we'd be delighted to help.

XL External Door Stain

Applying the correct stain is crucial for the look and long term performance on any external door. That's why we have developed a professional external door finishing kit.

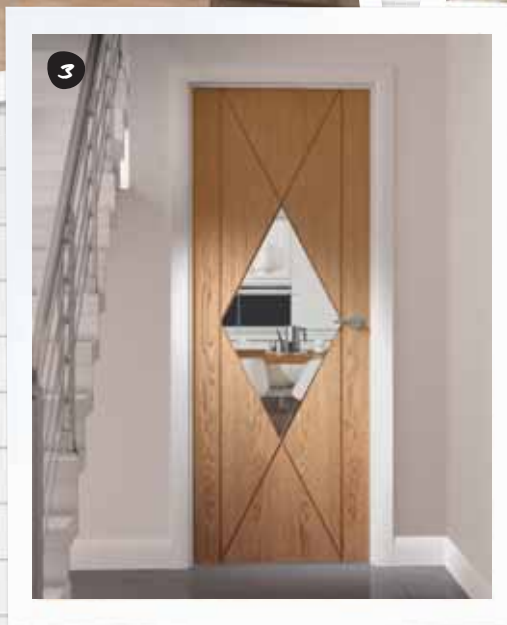

The kit includes the following:

- // 1no 500ml tin of Oak Base Coat
- // 1no 1 litre tin of Oak Top Coat
- // 1no 250ml pot of End Grain Sealer

NEW

Pre-Finishing

- 1 *Louis*
(see page 47)
- 2 *Colonial 6 Panel*
(see page 43)
- 3 *Sassari with Clear Glass*
(see page 37)

Good door decoration is crucial for transforming the spaces you love, that's why we offer a pre-finishing service on all of our internal doors.

The finishing service we supply provides not only stunning looking doors but also a durable solution that will look good for years to come. All doors come with a clear stain to bring out the features and enhance the natural look of the timber.

Please maintain regular treatment and care of pre-finished doors. For more advice on treatment and care please visit our website www.xljoinery.co.uk

Failure to maintain/replenish the finish can invalidate the guarantee.

We do not recommend the use of clear woodstain on external doors as they give the door less UV protection than other coloured stains.

We do not recommend the use of wax, polishes or treatment with oils.

The Environment, Performance and Specification

The Environment

At XL we are passionate about the environment with over 90% of our products being FSC® or PEFC™ Certified. This number increases every year as we work with our manufacturing partners to ensure all of our products come from responsibly managed sources.

We also take this one step further with our ISO 14001 accreditation which ensures all of our management systems are designed in conjunction with environmental considerations. Becoming fully carbon neutral is our next aim.

Performance and Specification

We dedicate a lot of time and effort to ensure the products we supply perform to the highest standards and stand up to the rigours of everyday life. To back this up many of our products have been assessed by independent testing organisations.

Our products are also integrated into a quality management system which is BSI accredited ISO 9001:2008. This helps ensure that the products supplied have all been produced to the exacting standards we demand.

About XL

Customer service and support

Our experienced internal sales team cover the whole of the UK and are available to answer any questions you may have. A proactive approach ensures trade customers are kept up to date with promotional offers and new products on a weekly basis.

In addition, our National Sales Managers provide trade customers the support they need with products and services via our Branch Development Programme. This includes help and advice on product ranges and display options tailored to suit your business.

After sales support

We want customers to be absolutely delighted with our products. If a problem arises we don't believe you should be inconvenienced, that's why we employ a team of after sales professionals to deal with any issues. Our team will conduct a site visit then prepare and submit a report to our trade customers so they can notify the customer in order to resolve the issue.

Technical support

Our technical helpline is available from 9.00am to 5.00pm, 7 days a week to answer questions you may have. Call us on 07000 785571.

Products when you need them

We hold over five million pounds worth of stock in our 110,000 square foot warehouse for delivery anywhere in the UK by our own fleet and drivers. The right products when and where you need them, just as it should be.

Quality

It's fair to say we're pretty obsessive about quality at XL. We have to be, as the quality of the products we supply are critical to our business. Our ISO 9001 certification is testament to this and proof of our methodical approach to business.

Every product is inspected by our technical team prior to dispatch and our supply base is monitored constantly to ensure products are manufactured to our exacting standards. It means our quality levels are amongst the best in the industry providing peace of mind for you the customer.

Guarantees

We offer comprehensive guarantees on all the products we supply.

// 10 years on all external and internal timber doors

// 1 year on our white moulded ranges, frames, gates, weather bars and plastic sheeting

// 5 years on our Handle Packs.

For further details of our guarantees please visit our website at: www.xljoinery.co.uk
